Spacing

When using any logo in our logo suite, ensure there is sufficient clearance space.

Following the clearance space guideline, we add clear space between the logos equal to the size of the submark, and divide this space in half by a vertical line.

Primary Colour Palette

Our primary colour palette is made up of 5 brand colours.

Use only black or white text on primary colours as outlined on the right. Do not interchange the use of black and white text according to your preference, as these colour combinations are specifically approved for accessibility.

Secondary Colour Palette

Our secondary palette is formed by the remaining 4 of the other brand colours.

The secondary colours may be used alongside our primary colours.
