Future Study Periods

Ikon updates its fee schedule in September of each year, for the following academic year. An update to this schedule will then be published for the following academic year. Fee increases are typically implemented each year to cover increased delivery costs. Course costs are expressed by Ikon as indicative only and subject to change, but once published subject tuition and non-tuition fees remain in place for a 12-month period.

If a student enrolls into subjects that are due to be delivered beyond the period of the current fee schedule (e.g. beyond 2026), such students should be aware that the tuition fees for that period will have its own schedule, that relates to that time period.

Retreat/Intensive Subjects

These subjects comprise of some pre-work classes, a 3–5 day intensive of full day classes and a wrap-up class. The retreat or intensive format allows for a concentrated and total immersion in the learning material. Students will have the opportunity to think deeply and reflect widely on the concepts communicated, allowing for rich discoveries. Retreats are delivered offsite in locations designed to complement the learning objectives. Intensives are delivered onsite (Melbourne or Sydney Campus). Both are delivered during the traditional trimester break.

Please note that there are additional costs associated with these subjects for accommodation, food, and/or travel. If these are arranged by Ikon, they will be charged back to you. For the retreats, these costs are estimated at \$1,200 per student. Travel to the venues is not arranged by Ikon.
